

Noun-Adjective Agreement Notes

Adjectives must agree in gender & number with the nouns they describe. If the noun is plural-masculine, the adjective must also be plural-masculine.

If the adjective ends in -o, it is masculine and can be made feminine:

	Masculine	Feminine
	1	
	1	
Singular	1	
	1	
	1	
	1	
	1	
Plural	1	
	1	
	1	

**** If the adjective does not end in -o (joven, grande), it is considered "gender neutral" and can only be made plural by adding -s or -es.

joven → _____

grande → _____
